

Introduction This book income are high-frequency words in the true sense of the IELTS reading test, and in accordance with the actual requirements for scientific classification and grading of these terms, to meet the needs of different candidates. To cater to the needs of high school students - "Paul 6 vocabulary, but also take into account the needs of the English major candidates -" Paul the word swing. Different candidates in a short period of time, pointless, with limited time and energy on the "cutting edge". The book, small size, easy to carry, and the convenience of candidates to take full advantage of the scattered and fragmentary time to improve the pro forma effect.
